# About us

Since our company's inception as a small **furniture producer** we have grown into an individual institution with its own factory.

Our products are spread worldwide and the number of happy customers grows by day.

Through the experience of decades of work in the areas of furniture production we became one of the biggest producer of highest quality furniture in **Europe**.

# What we do

We are creators, handcrafting furniture for any occasion.

Our concept is based on the idea of offering a wide range of **first class, attractive design** and most of all **long lasting** products along with delivery in any spot of the world.

Our goal is to improve the daily lives of people by focusing on the intersection of **modern design**, affordability and community

We manufacture all of our products by hand, using top of the notch raw material, in our own factory from start to finish.

By doing so, we ensure that customers receive only the **highest quality products** at the **greatest value** in a **timely manner**.
